

Off Your Hands

Tank

Verse 1

Excuse me, I don't really mean to be rude see,
but you kind of treat her like a groupie,
but I'ma make her feel like a star,
she choosing, you don't realize what your losing,
I'ma put her up on some new shit, so baby follow me to the bar,
She can stay with you all night long,
but she's given me the eye, sleep with you all night long,
but she wish it was I, I can tell you think your way to fly,

Chorus

So let me take that off your hands,
cause I'ma do something with it,
got it but you just don't get it, I do...
Let me take that off your hands,
cause you got her sitting over there waiting,
looking like she need some saving
da da da daaaa....
If I take it off your hands...
don't expect a phone call,
she riding and she long gone
you ain't tripping at all, so let me take that off you hands
since you don't appreciate her I'ma just please her later,
playa, let me take that off your hands...

Verse 2

She already feeling brand new,
you ain't never really have a clue
how to make her show that freaky side to you,
I'll be, rubbing all over her body,
Later on you know where I'll be... I'll be...
She can stay with you all night long,
but she's giving me the eye, sleep with you all night long,
but she wish it was I, I can tell you think your way to fly,

Chorus

So let me take that off your hands,
cause I'ma do something with it,
got it but you just don't get it, I do...
Let me take that off your hands,
cause you got her sitting over there waiting,
looking like she needs some saving

da da da daaaa....
If I take that off your hands...
don't expect a phone call,
she riding and she long gone
you ain't tripping at all, so let me take that off you hands
since you don't appreciate her I'ma just please her later,
playa, let me take that off your hands...

She can stay with you all night long,
but she's giving me the eye, sleep with you all night long,

If I take it off your hands...
don't expect a phone call,
