

It's Only Pain

Katie Melua

It's only pain
It only hurts
I am only down on the floor
where I have been before
And I'll be here again
Though it hurts to lose you

It's only pain
We went so far
We flew so high
Now it's not easy
To watch it die
To just let go
And not ask the reason why
It won't matter anymore
It's only pain
It only hurts
I am only down on the floor

where I have been before
And I'll be here again
Though it hurts to lose you
It's only pain
It's not my style
It's not my way
To see the future
In shades of grey
Though I still can't bring myself to say
That you don't matter anymore
It's only pain
It only hurts
I am only down on the floor
where I have been before
And I'll be here again
Though it hurts to lose you
It's only pain
It's only pain
