In Every Way

The Thermals

In every way, I had it all
The perfect mate, The perfect state
In every way
In every way, I never knew
Selfish, alive, and satisfied
In every way
But the sun parted the clouds
And only now, only today am I sawake
In every way
In every way
In every way, I lost it all
I wasn't free, but I had to be
In every way
In every way, I gave it up
Right from the start, Tore it apart
In every way
And the clouds covered the sun
And now I know, Know what I left
What I threw away
In every way
In every way
