Cruise Control

Kylie Minogue

Top down, get on the wheel
Baby things are better when you just feel
And you do your own thing
Ah, just let it swing
Drive me to I don't care
I'm enraptured take me anywhere
I just wanna fly
I like this CD
Turn the music up and baby don't slow down
If you want me all you gotta do is keep me going now
Listen, can you give me that?
Baby just hit
The cruise control
Ready, get set, go
You drive me crazy boy
I like it racy boy
On cruise control
We've been on a roll
Feels like the speed of light
Sit back and enjoy the ride
Oh no, the lights go green
Time out, do you know what I mean?
We're all on our own
I ain't going home
Out there I wanna be
No more bumper-to-bumper cars for me
We're on the highway
Put it on replay
Turn the music up and baby don't slow down
If you want me all you gotta do is keep me going now
Listen, can you give me that?
Baby just hit
The cruise control
Ready, get set, go
You drive me crazy boy
I like it racy boy
On cruise control
We've been on a roll
Feels like the speed of light

Sit back and enjoy the ride
Driving on cruise control
Can you give me that, baby just hit that
Can you give me that, baby just hit that
Can you give me that, baby just hit that
Can you give me that, baby just hit that
Can you give me that, can you give me that
Can you give me that, baby just hit that
The cruise control
Ready, get set, go
You drive me crazy boy
I like it racy boy
On cruise control
We've been on a roll
Feels like the speed of light
Sit back and enjoy the ride
The cruise control
Ready, get set, go
You drive me crazy boy
I like it racy boy
On cruise control
We've been on a roll
Feels like the speed of light
Sit back and enjoy the ride
[Incomprehensible]Ready, get set, go
You drive me crazy boy
I like it racy boy
On cruise control
We've been on a roll
Feels like the speed of light
Sit back and enjoy the ride
