

Get To Know Me

Eddie Levert Sr. & Gerald Levert

You say you'll be comin?
But you don't get to know me, baby
Get to know me, girl
I'm after you, you're the one, see So I asked her and she said, "Yes?"
Finally she's goin' out with me
Them was in whispers, "he's a player?"
"Love him and leave him?", that's what they say, yeah After then when she was done and I was talking to
But she needed to go and check some other catholic group
I'm gonna make our night just like a fairy tale
After I'm done they'll be wishin' you well Baby, you won't believe how long it's taken me
To get up the nerve and make you see
I'm a gentleman you need
So tonight is the night you get to know me What you're missin', don't let it pass you by
You've been promised, girl, a thousand times
A special kinda love that you want in your life
And you need to get to know me Understanding and sensitive
The best of the world, girl, I'm willing to give
Under all the sex girl, come look inside
"Cause you need to get to know me don't you hold back if you wanna know
I'm an open book what they just turned on
Girl, I'm begging you just that much
I ain't holding back, girl, get what you want Yeah, I sit and guess, I'm thinking my [Incomprehensible]
That I ain't, my love, and I say it was a dream
But you came and you made me see
I wanted to be a better me You won't believe how long it's taken me
To get up the nerve, to make you see
I'm a gentleman you need

A special kinda love that you want in your life
