

# Diet Run

## SHONEN KNIFE

On the diet run, there are many delicious temptations

    On the diet run, ice cream and chocolate

    On the diet run, including much cholesterol

        On the diet run, but I wanna eat

        You eat everything with keen relish

        Let's chew well before you swallow it

After meals I desire sweetsOn the diet run, I wanna be slender

    On the diet run, thighs, belly, doublechinned

    On the diet run, good bye, superfluous flesh

        On the diet run, but I wanna eat
