

# My Fantasy

Miles Kane

When I turn to my favourite hideaway  
My hands and lip will always be the same  
Only half the plan Once I thought that I was over you  
Now you're back and I'm falling like a fool  
You know the one I am I'm ridiculed 'bout my fantasy  
I shared you in insanity  
My eagerness comes untangled,  
I can't handle you If he stays, we'll be thrilled  
Keeping up with you  
If he stays, we'll be thrilled  
Keeping up with you I come 'round a roundness bunch of keys  
So let me in cause I'm about to freeze  
With my jealousy  
I'm trying hard to persuade myself  
That you aren't everything I need  
But my tricks are wean I'm ridiculed 'bout my fantasy  
I shared you in insanity  
My eagerness comes untangled,  
I can't handle you If he stays, we'll be thrilled  
Keeping up with you  
If he stays, we'll be thrilled  
Keeping up with you Oh darling, I'll be like before  
Oh darling, I 'll be like before  
Before...
