If I Only Had Time

John Rowles

If I only had time
Only timeSo much to do
If I only had time, if I only had time
Dreams to pursue
If I only had time they'd be mineTime like the wind
Those are hurrying by and the hours just fly
Where to begin
There are mountains I'd climb, if I'd timeSince I met you I've glored
Life really is too short, lovin' you
So many things we could make true
A whole century isn't enough to satisfy meSo much to do
If I only had time, if I only had time
Dreams to pursue
If I only had time they'd be mineMmm, if I only had time
Only time, mmm
