

Naked Without You

[Taylor Dayne](#)

What have I done?
I broke your heart, now there's no sun
Just cold and dark without your smile
I can't laugh without you, baby I'm just a half
I didn't know just what I had
I didn't know I'd feel this sad But I feel naked without you
I feel naked without you
I feel naked without you What have I done? I broke a vow
But I'm the one who's crying now
Without your touch, I can't feel
Without forgiveness, I can't heal Nobody else can take your place
And if I don't see your angel face
I feel naked without you, I'm still crazy about you
I feel naked without you I hurt the one who really loved me
Don't look at me, I feel ugly
I'm naked without you
Oh, my, my, my Oh, I'm so tired, but I can't sleep
I threw away a love so deep
I'm naked without you, I'm still crazy about you
I feel naked without you Oh, now, now
I'm naked without you
In my bed, I'm naked without you
In my head, I'm naked without you Oh, I'm naked without you
Oh, crazy without you I feel
Yeah, yeah, oh, my, my, my
Oh, crazy about you, so naked without you, yeah
