Shadow and Soul

Red

This is not for you
You don't belong here
Caught in my soul
You caught inside my shadowShadow and soul
My own soul waiting
Light me inside
The endless night
The endless nightMy darkest love
You live in secret
My heart unlocked
It cries to reach loveShadow and soul
My own soul waiting
Light me inside
The endless night
The endless nightThe amazing light under me
Come help meShadow and soul
My own soul waiting
Light me inside
The endless night
The endless nightShadow and soul
My own soul waiting
Light me inside
The endless night
The endless night
