Hard to Imagine

Pearl Jam

Paint a picture forty shades of gray.
Light your pillow. Lay back. Watch the flames.
I'll tell a story but no one would listen that long.It's hard to imagine. It's hard to imagine.
Ohh (x4)Fuck tradition. No one's safe from harm.
Wait a living. Cup and curse these arms.
After having seen all that they saw.It's hard to imagine. It's hard to imagine.
Ohh (x4)Things were different then. All is different now.
I tried to explain. Somehow.
Things were different then. All is different now.
I tried to explain. Somehow.
Ohh (x4)Things were different then. All is different now.
I tried to explain. I hope this works. Somehow.
Things were different then. All is different now.
I tried to explain. Oh, somehow.
Ohh (x4)
