Automatic

Sarah Whatmore

You make me feel so sexy
And then you make me feel like dirt
You gotta know how it affects me
Cause baby it hurts
Lipstick on your collar when
We had a fight
You know you make me wanna holler
Every day, every night

So give him up
Cause he ain't big enough a no no
Don't fall in love
Ladies get up to get down

You're Automatic
Don't you know that you drive me crazy
You're always at it
Baby you're not treating me right no
So understand it
I'm a one lover bass lovin' lady
I caught you at it
Get out of my life

You tried to video tape me
Then you tried to rent me out
But baby you could never freak me
I will show you what I'm all about
It's the same old story
I'm tired of you wearing me down
Cause there is nothing here for me
And baby I'll see you around

So give him up
Cause he ain't big enough a no no
Don't fall in love
Ladies get up to get down

You're Automatic
Don't you know that you drive me crazy
You're always at it

Baby you're not treating me right no
So understand it
I'm a one lover bass lovin lady
I caught you at it
Get out of my life

Oh yeah, you know I wanna
I wanna get over you
So I'm gonna
I'm gonna dance
Oooo!

So give him up
Cause he ain't big enough a no no
Don't fall in love
Ladies get up to get down

You're Automatic
Don't you know that you drive me crazy
You're always at it
Baby you're not treating me right no
So understand it
I'm a one lover bass lovin lady
I caught you at it
Get out of my life

You're Automatic
Don't you know that you drive me crazy
You're always at it
Baby you're not treating me right no
So understand it
I'm a one lover bass lovin lady
I caught you at it
Get out of my life
Oooo!
