## Arcade Fire

Advisory - the following lyrics contain explicit language:

Here in my place and time  
And here in my own skin I can finally begin  
Let the century pass me by, standing under the night sky  
Tomorrow means nothing I was only a child then  
Feeling barely alive when  
I heard a song from a speaker of a passing car  
Praying to a dying star, the memories fading  
I can almost remember singing( La la, la la, la la la la)  
(La la, la la, la la la la)We watched the end of the century  
Compressed on a tiny screen  
A dead star collapsing and we could see  
Something was ending  
Are you through pretending?  
We saw the signs in the suburbs You could have never predicted that it could see through you  
Kasparov, Deep Blue, 1996  
Your mind's playing tricks now  
Show's over so take a bow  
And leave it in the shadows (La la, la la, la la la la)  
(Oh la la, la la, la la la la)Hey  
Put the cellphone down for a while  
In the night there is something wild  
Can you hear it breathing?  
And hey  
Put the laptop down for a while  
In the night there is something wild  
I feel it, it's leaving me(La la, la la, la la la la)  
(La la, la la, la la la la)  
(La la, la la, la la la la)  
(La la, la la, la la la la)
