

Dear Jesus I Love You

The Primitive Quartet

Dear Jesus I Love you
You're a friend of mine
You supply my every need
My hungry soul you feed
I'm aware you are my source
From which all blessings flow
And with this thought in mind
I know just where, where to go
Dear Jesus I love, you're a friend of mine
You supply my every need, my hungry soul you feed
I'm aware you are my source, from which all blessings flow
And with this thought in mind
I know just where
I know just where
I know just where
(Where to go) Lord I know just where (repeat) Where to go
