

Your Love Don't Take a Backseat to Nothing

Brooks & Dunn

I get down with music and guitars
I fool around with all kinds of fast cars
It takes you baby to keep my motor runnin'I smoke 'em tires and watch the rubber burn
It takes your fire to make my wheels turn
Makes my blood run hot and keeps my heart a hummin'But your love don't take a backseat to
nothin'Temptation always knockin'
Get thee behind me 'cause I ain't stoppin'
Baby you're all I need and whole lot moreRockin' 'n' rollin' out here on the fast lane
It can get crazy, downright insane
Got me burnin' down the highway to your front doorBut your love don't take a backseat to nothin'My baby's
really somethin'
She keeps my motor runnin'
Her love don't take a backseat nothin'Temptation always knockin'
Get thee behind me 'cause I ain't stoppin'
Baby you're all I need and a whole lot more
(Ooh)Your love don't take a backseat to nothin'
Your love don't take a backseat to nothin'
