

You Can't Stop Me Loving You

Tina Turner

You can run and you can hide
You can tell me you're untrue
You can play around with my feelings
Say you found somebody new
But there's one thing you can't do
You can't stop me loving youOoo
You know I love you baby
Ooo
Why do you treat me this way
Ooo
I don't deserve this kind of treatment
And I'd have been so good like a lover should
And I'd have loved you anyway, yeah yeah
Yeah yeahYou can run and you can hide
You can tell me you're untrue
You can play around with my feelings
Say you found somebody new
But there's one thing you can't do
You can't stop me loving youOoo
You gonna drive me crazy honey
Ooo
Why are you so blind?
Cool, and I think you are so cool now baby
But you just cant see
All the lovin' me when I give you all the timeYou can run and you can hide
You can tell me you're untrue
You can play around with my feelings
Say you found somebody new
But there's one thing you can't do
You can't stop me loving youOh I know I am gonna be fine
You ain't gonna pull my chain
I ain't gonna change my mindOoo how do you feel baby?
Ooo I bet you feel real tall
Ooo why did you leave your man, huh honey?
When I give you love and its not enough
You try to make me look smallYou can run and you can hide
You can tell me you're untrue
You can play around with my feelings
Say you found somebody new

But there's one thing you can't do
You can't stop me loving you You can't stop me loving you
Oh no
You can't stop me loving you
No matter what you do You can't stop me loving you
You can't stop me loving you
No matter what you do You can't stop me loving you
You can't stop me loving you
No matter what you do
