Game On

Five Stone

You know the time to act is now, do do do
Before the sands of time run out, do do do
I know that I could never
Fall from grace, I'm far too cleverI will achieve my destiny, do do do
My stars assent a certainty, do do do
I know that I could never
Fall from grace, I'm far too cleverDo do do, na na na
Do do do, na na na
Do do do, na na naBoy sees, boy takes, boy hooked
And the subject's closed
Worst case scenario becomes real
It don't showNo clever clevers can dissuade, do do do
From tougher substance I was made do do do
I know that I could never
Fall from grace, I'm far too cleverDo do do, na na na
Do do do, na na na
Do do do, na na naBoy sees, boy takes, boy hooked
And the subject's closed
Worst case scenario becomes real
It don't showYou know the time to act is now, do do do
