

# Playgirl

## Doug Jay

Playgirl, why are you sleeping in tomorrow's world?

Hey, playgirl

Playgirl, why are you dancing when you could be alone?

Hey, playgirl

Playgirl, why are you sleeping in tomorrow's world?

Hey, playgirl

Playgirl, choking on cigarettes won't get you along

Hey, playgirl

Hey playgirl, hey playgirl

Northern lights catch you coming down

Sleep your way out of your hometown

Playgirl, why are you sleeping in tomorrow's world?

Hey, playgirl

Playgirl, why are you dancing when you could be alone?

Hey, playgirl

Playgirl, why are you sleeping in tomorrow's world?

Hey, playgirl

Playgirl, choking on cigarettes won't get you along

Hey, playgirl

Hey playgirl, hey playgirl

Northern lights catch you coming down

Sleep your way out of your hometown

Hey playgirl, hey playgirl

Northern lights catch you coming down

Sleep your way out of your hometown

Hey playgirl, hey playgirl

Northern lights catch you coming down

Sleep your way out of your hometown

Hey playgirl, hey playgirl

Hey playgirl, hey playgirl

Foreign coin on a telephone box

A question mark on a calendar

An empty seat on the alpha line

A sorting code, an account number

Hey playgirl, hey playgirl

Northern lights catch you coming down

Sleep your way out of your hometown
