

# And You Were There

Selena Cross

Seconds into life  
I felt love love inside  
I can't explain the memories recall your smiles  
That day I had my first kiss  
You know I couldn't wish for a better beginning  
A better start to life  
And I want you to know  
I want you to know

(chorus)  
Who blessed me with time  
To have you in my life  
I opened my eyes for the very first time  
You were there  
You were there

Unless we forget, how fortunate  
I was born into a world of freedom and light  
And at the roads end  
I look back on you my friends  
And think what a blessed life  
Cause you were there, to hold my hand  
You were there to sing me grace  
Chorus 2X

Cause you were there to hold my hand  
You were there to see me crying  
You were there to wipe the tears away  
Cause you were ther to hold my hand  
You were there to sing my grace  
You were there to see me crying  
You were there to wipe the tears  
Chorus 2x
