

# Let Me Dance On

**Ron Artis II & Thunderstorm**

There's a forest beyond the sea and I go there when I need peace  
the city is great and lot's of people go there, but I don't like it  
cause all the people don't let me be  
and I stand up and a thousand people tryna find a way to just sit down  
I stand insane  
Let me dance on, let me dance on  
let me dance on, Let me dance  
Let me dance on let me dance on let me dance o-o-on, let me dance  
Sometimes I feel like everything around us  
tries to make you learn a whole new way of life  
but you'll understand if all must bow ahead and break  
find the peace we're always dreaming of  
So let me run with a force on the earth  
let me swim with the fish in the sea  
and let me fly with the fires in the sky  
let me be me let me be me  
oh oh oh oh oh oh oh oh  
oh oh oh oh oh oh oh oh ohhhh  
let me be me let me be me  
ohhhh ohhhhhh oooh let me be me let me be me
