

You've Chosen Me

[Zucchero](#)

You've chosen me, oh no
When it happens
I've chosen you, I don't know
When it happens Changes my life to a love song
This love is so strong
You've chosen me
And now that I, I've I've chosen you
Oh, oh, my love
Let it happen
Changing my life to a love song Changing my life to a love song
This road is so long
I'm a runaway train going off the rails
My love is so strong
