

Holly Would You Turn Me On

All Time Low

When're you gonna give it up? You're giving me such a rush
Come on, Holly, would you turn me on?
When're you gonna give it up? You're giving me such a rush
Come on, Holly, would you turn me on? You are the taste of something sweet
And I'm tangled in the sheets
You left your hot track down my back
So chain me up, I'm in too deep Too much of you is never enough When're you gonna give it up? You're giving
me such a rush
Come on, Holly, would you turn me on?
Just another pretty face, but I want one more taste
Come on, Holly, would you turn me on? Just one fix to keep me in the mix
And I'm still strung out on you
Drove all night, I'm a deer in your headlights
What's left of me you'll swallow soon Too much of you is never enough So when're you gonna give it up?
You're giving me such a rush
Come on, Holly, would you turn me on?
Just another pretty face, but I want one more taste
Come on, Holly, would you turn me on? You took what you wanted, you got it, you know when
I'm haunted by everything
That you gave me, you made me, you broke me, you saved me
I'm crazy but I'm not done So when're you gonna give it up? You're giving me such a rush
Come on, Holly, would you turn me on?
(Holly, would you turn me on?)
Just another pretty face, but I want one more taste
Come on, Holly, would you turn me on? When're you gonna give it up? You're giving me such a rush
(You took what you wanted, you got it, you know when)
Come on, Holly, would you turn me on?
(I'm haunted by everything) Just another pretty face, but I want one more taste
(That you gave me, you made me, you broke me, you saved me)
Come on, Holly, would you turn me on?
