

Young Modern Station

Silverchair

Stalled at young modern station
Arthritic conversation
Life has a deadline lately
Allergic and in the news
The clocks are ticking timeless
Dead Dali days behind us
The band is back together
Allergic and in the news
Does it make you cry
When I make you feel so far away?
The interview's over
Stuck to the goal
To rescue my skin
I need a different liquor
So sick of getting sicker
And I'm moving back to the country
Allergic and in the news
Does it make you cry
When I make you feel so far away?
The interview's over
Stuck to the goal
To rescue my skin
You're so far away
The interview's over
He dreams of tracks and choices
I think I'm hearing voices
Does it make you cry
When I make you feel so far away?
The interview's over
Stuck to the goal
To rescue my skin
You're so far away
The interview's over
Does it make you cry
When I make you feel so far away?
The interview's over
