

# Still Lives

## Perry Blake

Still life is ours now  
Still life alone  
Did you know that this could  
Take a life time What is his name?  
Doesn't have to have a happy ending  
What is his name?  
Doesn't have to have a happy ending  
What is his name?  
Does it have to have a happy ending  
No, no, no, no I tried not to send the letter  
Tried to remain calm  
He doesn't love you like I loved you  
He doesn't love you like you loved me What is his name?  
Doesn't have to have a happy ending  
What is his name?  
Doesn't have to have a happy ending  
What is his name?  
Does it have to have a happy ending  
No
