

I Feel Like Viktor Navorski

Well Planned Attack

Can you find solutions where it's all this wrong?
Are you blind? How can't you see there's something wrong? You know this is over
Your streets won't get me anywhere
I'm not getting closer
I'm running far because I can't stand this place anymore Sick of this place and tired of all this
Sick of who you say you are
Cause I don't belong here
I don't belong here
Everything is fine you know my friend
Maybe it's time to realise that
I don't belong here Can you find the way out from this hopeless place?
I'm not fine, I wish I could erase your face You know this is over
Your streets won't get me anywhere
I'm not getting closer
I'm running far because I can't stand this place anymore I cannot take this anymore
This shit is getting over Sick of this place and tired of all this
Sick of who you say you are
Cause I don't belong here
I don't belong here
Everything is fine you know my friend
Maybe it's time to realise that
I don't belong here I still dream
You and Me
