

# Let The Juices Flow

Gerald Levert

You're not yourself  
Come on let me rub your back  
Kiss on your neck like I used to do  
See you're tense you gotta let go[Chorus]  
Won't you let the juices flow  
Flow on flow on flow on  
Won't you let the juices flow  
Flow on flow on flow on Girl let down your hair hve no fear  
I'm gonna take good care of you  
But you gotta open up show me some love  
I'm sure that I an pull you through See there ain't nothin' wrong with  
Throwin' on some Luther or some  
Marvin Gaye  
Baby just relax you can reach climax  
Trust me girl don't tell me no[Chorus] Forget about the kids or what your ex-  
boyfriend did  
Tonight just let the feelings flow  
See we won't tell no one we had so  
much fun  
Keep it on the down low Put on your favorite dress or better yet  
Girl don't put on anything  
I'll leave it up to you what we're gonna  
do  
We can do it fast or slow[Chorus] See I want to make you smile  
I want to make it right  
Make you see the light  
Everday and night baby Give you all the things you need  
Never let you down always be around  
When you're feelin' down  
Make you scream and shout[Chorus]  
You just need to relax  
Let it flow through your body  
You got too much stored up inside  
baby Whatcha tryin' to hide baby  
Swallow your selfish pride  
Let me come inside baby
