

Crazy About You Baby

[Ann Peebles](#)

I can't sleep at night
I can not prove a thing
I can't hold on much longer, baby
Living this a-way
You know I'm crazy about you baby
And I wonder do you ever think of me?
M-hm
You know I'm wild about you baby
But you don't care a nothin' in this world for me Oh no It ain't but a-one thing, baby
To make your baby drink
When I hear you say you don't love me
And then I began to think
'Cause I'm so wild about you, baby
And I wonder do you ever think of me?
Mm-hm, now You know I'm wild about you, baby
But you don't care a-nothin' in this world for me, now Ooh, baby
Ooh, baby Oh, I go crazy about you, baby
And I wonder do you ever think of me?
Mm-hm, now
You know I'm just wild about you, baby
But you don't care a nothin' in this world for me
I'm so wild about you, baby
Can't sleep at night...
