Sister

The Nixons

Here I am again, again
Overwhelming feelings
A thousand miles away
Your ocean home
Part of me is nearThoughts of what we were invade
The miles that stand between
You can't separate no
You're all I hoped you'd becomeSister, I see you
Dancing on the stage of memory
Sister, I miss youFleeting visits pass
Still they satisfy
Reminders of the next
Overshadow goodbye
Our flames burn as oneSister, I see you
Dancing on the stage of memory
Sister, I miss youAll I am begins with you
Thoughts of hope understood
Half of me breathes in you
Thoughts of love remain trueHere we are again saying goodbye
Still we'll fall asleep underneath the same sky
You're all I see, you're all I knew you'd becomeSister I see you
Dancing on the stage of memory
Sister I miss youEntwined, you and I
Our souls speak from across the miles
Intertwined, you and I
Our blood flows from the same insideAll I am begins with you
Thoughts of hope understood
Half of me breathes in you
Thoughts of love remain trueWhen I, when I close my eyes
I see you walking there
I see you dancing in my mind
