

# You Don't Know Me

## Master P

Yo what you trippin' on?  
Didn't I tell you it's gonna be alright?  
I ain't came up on somethin' Shorty  
And I got you  
Shorty keep your head up  
Even when you fed up  
Shorty keep your head up  
Just listen, I seen you in school Shorty  
What's to do Shorty? You know I'm out here thuggin'  
But what's up wit me and you shorty? You need me I'm on the 3way  
I'm in the hood thuggin' wit my homie down mean E Jay  
What you say he ain't treating you right? Wuzzup baby girl  
You need a thug in your life, Shorty keep your head up and  
I'ma be there when you need me girl even when you fed up  
And I ain't tryin' to boost you up or shoot you up  
But if you was money you'll be a million bucks  
Just be there when I need ya and if ya hungry I'ma feed ya  
That's why them other girls wanna be ya  
And girl you shouldn't settle for less settle for that you a queen  
And you deserve the best I know you don't know me  
I 'member what you told me, "And I like the way you hold me"  
Shorty keep your head up  
Even when you fed up  
Shorty keep your head up  
Even when you fed up  
I know you shocked and really ain't into meetin' new guys  
Think we all the same good for tellin' you lies  
But I can understand that I peep a frown it's on your face  
When I ask you, "Where you men at?" But I ain't really tryin'  
To invade your space your heart been shelter all over the place  
And you used to be a bright girl now world is death  
Got an attitude which you hadn't heard of him I'ma P.I.M.P  
But I'll treat you right did I simpler girl never I had to say it was tight  
When I was broke on the block you was there for me  
See you can cut through loose you don't compare to me  
'Cuz see I'm from the heart I just ranned out of lies  
I don't wanna be the reason tears run from your eyes  
Think I'm 2 G'ed up for my feelings to show?  
Well go right ahead keep thinkin' you know, you was wrong about me

Shorty keep your head up  
Even when you fed up  
Shorty keep your head up  
Even when you fed up  
Yo' ma I'm always seen you around but lately seem somethin'  
Keepin' you down and they say your X so abusive  
You don't play sports how you get those bruises?  
To be honest the dude is useless, let me take you out the hood  
We can do this you to cute to be seatin' on the bench  
You can start on my team ma come and represent and  
I can treat you better than that loser ever did  
Because you don't deserve the type of stress that he give  
I know I'm young but I can treat you right and if he trippin'  
Then you need to be with me tonight and baby he don't have  
An ounce of respect for you that's why I think is gangsta  
How you backed off and left the dude? Shorty age ain't nothin'  
But a number, if you need to get away take the Benz or the Hummer  
And you say I don't know enough about you but I just can't  
See myself being without you, yeah  
Shorty keep your head up  
Even when you fed up  
Shorty keep your head up  
Even when you fed up
