Sweet Misery

Rat Alley

[Talking]Yeah whats up with you girl?
Its like (all right, all right, all right)
I can't live with you
And I can't live without you
Check it out
[Verse 1]The love you give me
Its kinda hard to explain
You put my soul at ease
But at the same time you bring me pain
There's nothing funny about you baby
But you still make me laugh
We're compatible I guess that we're the same
[Chorus]Your my sweet misery
I hate to admit it
But your my everything
The love you give me
Its like the perfect pain, yeah
Your the one I hate
The one I love
The one I blame
[Verse 2]Your a lovers dream
But at the same time you
Can be a nightmare
You get on me last nerve
But I am lonely when your not there
You get an attittude (how you gonna get an attitude?)
When I go out at night
But when you get mad at me its all right
[Chorus]
Your my sweet misery
I hate to admit it
But your my everything
The love you give me
Its like the perfect pain, yeah
Your the one I hate
The one I love
The one I blame
I can't live without you baby
But I can't live with you

Yeah, yeah, yeah
Misery, misery
Woo, woo, woo, woo
[Chorus]Your my sweet misery
I hate to admit it
But your my everything
The love you give me
Its like the perfect pain, yeah
Your the one I hate
The one I love
The one I blame
Your my sweet, misery
I hate to admit it but, your my everything
The love that you giving me, its like the perfect pain, yeah
Your the one I hate
The one I love
The one I blame
Everything inside of me
You got to be my sweet misery
No doubt in my mind you give me that sweet misery yeah, yeah, yeah
You the one I hate
The one I love
The one I blame
