Is This Hollywood

Lucy Woodward

August, no clue, 2002
I didn't see coming even when I came
I got what I asked for
3000 miles and no more wondering
If I need a change, ain't it strange?
Is this Hollywood?
'Cause I feel a bit displaced
But I kinda like it
Oh I just know it's gonna be good
I've already decided, yeah
I wouldn't leave it if I could
Disoriented as I am
Is this, is this Hollywood?
The waitress knows my story
'Cause I'm here every single morning
She calls you, New York
Oh I tell her you're long gone, oh oh
And you're easy to forget
How lucky can a girl get?
The outta site works a charm
Ain't I strong?
Is this Hollywood?
'Cause I feel a bit displaced

But I kinda like it
Oh I just know it's gonna be good
I've already decided, yeah
I wouldn't leave it if I could
Disoriented as I am
Is this, is this, is this Hollywood?
And you know it's time
'Cause I can always change my mind, okay
I can come and I can go
That's all I need to know today
'Cause I feel a bit displaced
But I kinda like it
Oh I just know it's gonna be good
I've already decided, yeah
I wouldn't leave it if I could, yes

Is this Hollywood?
Is this Hollywood?
And my eyes are buggin', yeah
I got a brand new neighborhood
That I'm really loving, yeah
I wouldn't leave it if I could
Disoriented as I am
