Where It All Begins

Lalah Hathaway

If you say what you mean, and mean what you say, aaaahhhhaaahhhh
if the person you are and who you portray, aaaahhhhaaahhhh
If you're living your life without looking in
That's where it all beginsKeeping up with the Joneses ... ain't gonna never get you anywhere
Same job, same car, is that who you really are?
Deep inside you know in your heart, everybody is a star
We all want a love bizarre
As we travel along this road of ours
You already know, yeah
The way you must go, you can go your own way
The moment is now, open your eyes
Hey, hey,
If you say what you mean, and mean what you say, aaaahhhhaaahhhh
if the person you are and who you portray, aaaahhhhaaahhhh
If you're living your life without looking in
That's where it all beginsSo it's up to you, what you gonna do?
Now that you have no excuse
This is the day that was made for you, yeah, yeahWhat if you really walked in light of the love you really are
And you knew that you were, a superstar
Would all of that stuff be more than enough
To be anything you want
You already know, yeah
The way you must go, you can go your own way
The moment is now, you have arrived
Right here...
If you say what you mean, and mean what you say, aaaahhhhaaahhhh
if the person you are and who you portray, aaaahhhhaaahhhh
If you're living your life without looking in
That's where it all beginsIf you say what you mean, and mean what you say, aaaahhhhaaahhhh
if the person you are and who you portray, aaaahhhhaaahhhh
If the love that you seek doesn't start from within
That's where it all begins...You already know, yeah
The way you must go, you can go your own way
The moment is now, you have arrivedIf you say what you mean, and mean what you say, aaaahhhhaaahhhh
if the person you are and who you portray, aaaahhhhaaahhhh
If you're living your life without looking in
That's where it all begins (Repeat)
