

DREAMING (Jack Bruce)

Cream

Dreaming about my love
You bring me joy and hours of happiness
More or less
I dream my life awayWaiting for you to come
Changing my life for you to emptiness
Meaningless
Minutes just drift byI don't care if I get nowhere
I can just dream and you'll be there
What else is there to do?Dreaming about my life
Where are you now
And when will you come to me?
I dream my life awayI don't care if I get nowhere
I can just dream and you'll be there
What else is there to do?Dreaming about my love
You bring me joy and hours of happiness
More or less
I dream my life awayDreaming
Dreaming
