

Bearing Witness

David Bazan

Another day, newspapers say
Life, what you do to me?
I?m always here, you?re always there
Hope, that?s my company
Yeah, stars have always so many wishes though
They can tell what we already know
See, I?m just gathering all my eyes can see through
I?m bearing witness to you
I?m bearing witness to you
Familiar wags, the evening stares
Life, what you say to me?
I?m promised here, you?re precious there
Love, you?re my destiny
Yeah, stars have always so many wishes though
They can tell what we already know
See, I?m just gathering all my eyes can see through
I?m bearing witness to you
I?m bearing witness
And some days I surrender
And some days I resolve
But everyday I conquer with your love
With you, love
Yeah, stars have always so many wishes though
They can tell what we already know
See, I?m just gathering all my eyes can see through
I?m bearing witness to you
I?m bearing witness to you
