

# Grit Your Teeth

## Disharmonic Orchestra

Your votes go to him who  
Made it look as shiny as his teeth  
Don't waste all your good time  
By reading the small print underneathThe nice guys, the bad dudes  
Two horsemen or three or were they more?  
How ever I long for the crown  
And the princess I adoreGrit your teeth  
Grit your teeth  
Grit your teeth  
I'll face the problem by the rootGrit your teeth  
Grit your teeth  
Grit your teeth  
Trust me it's only for your goodIf there's no agreement  
I throw some sticky  
Sludge and dirt in any direction  
No matter if anybody's hurtSome fellows took notice  
They've got a clue of how it ran  
I know how to fool them  
Again, again and againAgain and again  
Again and again  
Again and againGrit your teeth  
Grit your teeth  
Grit your teeth  
I'll face the problem by the rootGrit your teeth  
Grit your teeth  
Grit your teeth  
Trust me it's only for your goodYour votes go to him who  
Made it look as shiny as his teeth  
Don't waste all your good time  
By reading the small print underneathThe nice guys, the bad dudes  
Two horsemen or three or were they more?  
How ever I long for the crown  
And the princess I adoreIf there's no agreement  
I throw some sticky  
Sludge and dirt in any direction  
No matter if anybody's hurtSome fellows took notice  
They've got a clue of how it ran  
I know how to fool them  
Again
