Statues Of Ourselves

Semi Precious Weapons

Dance me face to face while I finger your ribcage
Dance me face to face while I finger your ribcageI've got a filthy mind, love
She's got those laser light gloves
Thursdays 3am, we dance like fucking legends.She spins the record open
We're gonna dance it broken
You know we always will
'Cos love could get us killed.No, we don't know if this will live
So we're gonna build
No, we don't know if this will live
Our own legends.We're gonna build statues of ourselves
We're gonna build statues of ourselves.Darling boys all love her
Help her keep her cover
Someone turn on the fog
Before the next song.Love breeds only love, love
Magnetic killed the bad stuff
Thursday's 3am, we dance like fucking legends.No, we don't know if this will live
So we're gonna build
No, we don't know if this will live
Our own legends.We're gonna build statues of ourselves
We're gonna build statues of ourselves
We're gonna build statues of ourselves
For us and no one else.Dance me face to face while I finger your ribcage
Oh, dance me face to face to face while I finger your ribcage
Oh, dance me, dance me face to face to face while I finger your ribcage.No, we don't know if this will live
So we're gonna build
No, we don't know if this will live
Our own legends.We're gonna build statues of ourselves
We're gonna build statues of ourselves
We're gonna build statues of ourselves
We're gonna build statues of ourselves
We're gonna build statues of ourselves
We're gonna build statues of ourselves
We're gonna build statues of ourselves
Oh, oh c'mon c'mon c'mon
Build statues of ourselves
We're gonna build statues of ourselves
For us and no one else.
