

# Statues Of Ourselves

## Semi Precious Weapons

Dance me face to face while I finger your ribcage  
Dance me face to face while I finger your ribcage I've got a filthy mind, love  
She's got those laser light gloves  
Thursdays 3am, we dance like fucking legends. She spins the record open  
We're gonna dance it broken  
You know we always will  
'Cos love could get us killed. No, we don't know if this will live  
So we're gonna build  
No, we don't know if this will live  
Our own legends. We're gonna build statues of ourselves  
We're gonna build statues of ourselves. Darling boys all love her  
Help her keep her cover  
Someone turn on the fog  
Before the next song. Love breeds only love, love  
Magnetic killed the bad stuff  
Thursday's 3am, we dance like fucking legends. No, we don't know if this will live  
So we're gonna build  
No, we don't know if this will live  
Our own legends. We're gonna build statues of ourselves  
We're gonna build statues of ourselves  
We're gonna build statues of ourselves  
For us and no one else. Dance me face to face while I finger your ribcage  
Oh, dance me face to face to face while I finger your ribcage  
Oh, dance me, dance me face to face to face while I finger your ribcage. No, we don't know if this will live  
So we're gonna build  
No, we don't know if this will live  
Our own legends. We're gonna build statues of ourselves  
We're gonna build statues of ourselves  
We're gonna build statues of ourselves  
We're gonna build statues of ourselves  
We're gonna build statues of ourselves  
We're gonna build statues of ourselves  
We're gonna build statues of ourselves  
Oh, oh c'mon c'mon c'mon  
Build statues of ourselves  
We're gonna build statues of ourselves  
For us and no one else.
