

Bubble

The Elwins

It's so exciting, so inviting
to hear you say my name
No sweeter sound in the Earth around
said by you would be the same
You turn to me and without words
I hear you say "ditto"
but your arm is linked to something
and you just won't let it go You fill me up, I fly away
You get me high, I feel the raise
I know I'll pop, I know I'll fall
But in this flash I've got it all You get me high like a bubble
You get me high like a bubble
I know I'm asking for trouble
When I'm high like a bubble Let's make a plan, go to Japan
Good morning, Ohayou! [ã•Šã•-ã, ^ã•†!]
My bag is packed, if the seal's cracked
but you gotta let me know
You turned to me and without words
I hear you say "I don't know"
Your arm is linked to something
and you just won't let it go You fill me up, I fly away
You get me high, I feel the raise
I know I'll pop, I know I'll fall
But in this flash I've got it all You get me high like a bubble
You get me high like a bubble
I know I'm asking for trouble
When I'm high like a bubble I could be anything you need
Everything I gotta be
And I don't see, what you see in them
and you don't see that in me
Yeah I could be anything you need,
Everything I gotta be
I just don't get it
No, I just don't get it You fill me up, I fly away
You get me high, I feel the raise
I know I'll pop, I know I'll fall
But in this flash I've got it all You get me high like a bubble
You get me high like a bubble
I know I'm asking for trouble

When I'm high like a bubble
You get me high like a bubble I could be anything you need
Everything I gotta be
And I don't see, what you see in them
and you don't see that in me
Yeah I could be anything you need,
Everything I gotta be
I just don't get it
No, I just don't get it I'm high like a bubble
You get me high like a bubble
I know I'm asking for trouble
When I'm high like a bubble
You get me high like a bubble
