

Sippin' on a Forty

Gina And The Eastern Block

Sitting on my porch
Sippin on a forty
Getting kinda drunk
Feeling kind of horny
Waiting for her to go down on me
I'm still sitting on my porch, sippin on a forty

Sittin here, sipping a beer, and wishing my lover baby was here
Sippin it licking it dippin it drippin it kicking it
We're gonna get in it
Move me, soothe me
Come over, amuse me

I'm still sippin on a forty

When you're not with me
When you're not here
Bury my fate in my fuckin fear
Cause you're not with me
Cause you're not here

Sittin on my porch, sippin on a forty
Getting kinda drunk
Feeling kind of horny
Waiting for her to go down on me
I'm still sittin on my porch, sippin on a forty

When you're not with me
When you're not here
Bury my fate in my fuckin fear
Cause you're not with me
Cause you're not here
Bury my fate in my fuckin fear
Bury my fate in my fuckin fear
Bury my fate in my fuckin fear

Sittin on a porch, sippin on a forty
Getting kinda drunk, I'm getting kind of horny
Waiting for her to go down on me
I'm still sittin on my porch, sippin on a forty
