

# Nothing's As Good As You

## Sugababes

I can tell you all the things  
You ever want to know  
I'm just waiting on a chance  
That you might say hello  
People always telling me to take my time  
But I can't help that you're on my mind  
Never thought that I would one day  
Find somebody like you  
I just can't help the way that I'm feeling  
Nothing's as good as you  
What is it that you make me so crazy?  
I'm so in love with you  
Baby, it's alright if you take me out tonight  
Ain't it funny, all the money never seems enough  
Don't need no perfume or fancy dresses  
I only want your love so don't you ever listen  
To a word they say?  
As long as were together we will be okay  
Never thought that I would one day  
Find somebody like you  
I just can't help the way that I'm feeling  
Nothing's as good as you  
What is it that you make me so crazy?  
I'm so in love with you  
Baby, it's alright if you take me out tonight  
The way that you're making me feel  
So alive, so good, so real  
And I know at the end of the day  
I will never be the same  
Baby, it's alright if you take me out tonight  
I just can't help the way that I'm feeling  
Nothing's as good as you  
What is it that you make me so crazy?  
I'm so in love with you  
Baby, it's alright if you take me out tonight
