What Love

[Phatfish](#)

I'm goin' down to see my girl, gonna see what I can find
I'm goin' down to see my love, gonna mean her on behind
I'm goin' down to see my girl, gonna come back everyday
I'm goin' down to see my girl, 'cause I've been too long awayYou know what I'm saying?What love
'Cause I'm naked at home
You don't want to know
'Cause you've got to feel itI couldn't know why
You don't want to know
Wanna let go, let go
And the ground is clearWhat love?
What love?
What love?Where did that love go?What love?
Love it when you're here
God I love it when you're here
God I look as though he's over the lineWhere did we go? Way behind
We know to color in the lines
You know she didn't mean it
She didn'tWhat love?
What love?
What love?Yeah, how's everybody coming on?
You're a motherfucker
Take a look at yourself
Who done? Oh, oh yeahOh yeah, on my right time
The right time
You don't know that time
Know that's mine, blow my mindI see my love, gonna see what I can find
I'm goin' down to see my girl, gonna mean her in behind
I'm goin' down to see my love, gonna see her everyday
I'm goin' down, I'm goin' down, take me awayYeah, it's alright
