

Bootie Call

Chick Willis

Bring it on, bring it bring it on now
Bring it on, bring it bring it on now
Bring it on, bring it bring it on now
Bring it on, bring it bring it on now
Bring it on, bring it bring it on now
Bring it on, bring it bring it on now
Bring it on, bring it bring it on now
Bring it on, bring it bring it on now

Never stop giving good love

'Cuz that's what I call you for

Never stop baby give it up

'Cuz I know where it came from you got more

I like playing games, and if it's all the same

You can bring it on with the ruff stuff

Then give me your love I don't wanna be tamed

I need a man to be a real man now

In order of what I got in store

Always finish what you start baby

And always having me beg for more

You know I wanna be a diggy down boy

But I don't get around

Jimmy has to ride in your pocket

Or lock him in your wallet

It's just a bootie call

Bring it on, bring it bring it on now

Bring it on, bring it bring it on now

Bring it on, bring it bring it on now

Bring it on, bring it bring it on now

Bring it on, bring it bring it on now

Bring it on, bring it bring it on now

Bring it on, bring it bring it on now

Bring it on, bring it bring it on now

Gaining you what is baby

Things are always good to have

You never let me down

I'm always happy, when you made me laugh

But don't try to find

This heart of mine

Emotions will come into my head, so don't be misled

My heart doesn't need to be fed
Only tryin' to be smart baby
Don't need the roller coaster ride
I've been and seen and done it all yeah yeah
Don't want you messing with my mind
So don't be a fool
Keep this as your number one rule
Good lovin' is not always from the heart
You gotta be smart
Stay just the way you are
It's just a bootie call
It's just a bootie call
Bring it on, bring it bring it on now
Bring it on, bring it bring it on now
It's just a bootie call
Bring it on, bring it bring it on now
It's just a bootie call
{Do you really love me baby?}
It's a bootie call
It's a bootie call
It's a bootie
It's a bootie call
It's a bootie call
It's a bootie call
It's a bootie
It's a bootie call
