

# Rolling Down

## Freedom Fry

The world's yours when you turn eighteen,  
And you feel like you could have anything  
Which way will you go?  
Which way will you go?  
And what you call love is a daydream  
All the stars around you are setting,  
Which way will they go?  
Which way will you go?'cause it's a great big world and you know it,  
Yeah it's a great big world and you know it,  
It's a great big world and you're rolling down, The truth hurts when you turn eighteen,  
But the truth gets even less easy,  
But what do ya know?  
Yeah what do ya know?  
Pick a side, decide what you will be,  
Will your dreams turn to reality,  
Which way will they go?  
Which way will you go?'cause it's a great big world and you know it,  
Yeah it's a great big world and you know it,  
It's a great big world and you're rolling down, Our day has come around,  
We're out of this town,  
Out of this town,  
Our day has come around,  
We're out of this town,  
Out of this town for now 'cause it's a great big world and you know it,  
Yeah it's a great big world and you know it,  
It's a great big world and you're rolling down,  
Rolling down,  
Rolling down,  
Rolling down
