

Human Era

Trixter

Aw, they went to Burger King and didn't tell us?!? :)) (

) It's been such a long time Still I'm glad to see your face And all the years and times were spent Can never be
erased Ring _____(?) 's a dim line Of being lonely, I To never judge or cast a stone To hide behind them skies (

Pre-Chorus) Here we are now, so much older A little wiser and so much bolder Here we are now, not dated A
little torn and so not jaded (

) Is it any wonder we're still together?

We built this in a human era Forever in the way we live our lives (

In the human era) Catch you when we're alumni Only make it stronger We learned this in a human era Heart to
heart and eye to eye (

In the human era) (

2) It seems like the high road When you have the words to say No matter all the consequence You speak up face
to face (

Pre-Chorus) (

) (

Guitar solo) (

Pre-Chorus) (
