Evil Things

The Black Angels

I once met you in the killing field
Collecting dust, yeah, kicking up blood
That was then when we were both people
Doing peopl things like collecting dreams
They knew gold and pure
All your auctions are so payment
That was in when we were both blind,
Taking what was blind
Killing all the time
We re the same with new intentions
We re the same with bad intentions
Hey little darling girlLook what we ve done, never been more blind
Every day singing prayers
We re saying we are blameless
Making love on summer days yeah
Making love feels good to me
Shaking up on hollow place
Saying up feels good to me
That was in when we were both evil
Doing evil things like stifle and scream
We are good now, we are blameless
We are wrong now, we are shameless
Love is your drug, love is your drug, love is your drug
Evil, we are evil, this ain t evil.
