Private Heaven

Utopia

Ah, what happened to our little girl?
She doesn't sing like she used to do
Ah, why won't she say it to the world?
She doesn't want us anymore. she is gone
In a private heaven
They may try
But nobody can find you
In a private heaven
Close your eyes
It's waiting right behind youAh, when did her laughter fly away?
She doesn't smile like she used to do
Ah, where is her happy yesterday?
She doesn't want us anymore. she is gone
In a private heaven
They may try
But nobody can find you
In a private heaven
Close your eyes
It's waiting right behind youYou can't take our love away - no you can't
You can't take our love away - please don't take
You can't take our love away - no you can't now
You can't take our love away - please don't take it
You can't take our love away - no you can't
You can't take our love away - please don't take
You can't take our love away - can't take it away
You can't take our love away - can't take it away
You can't take our love away - you can't take it awayAh, will you be coming home again?
She doesn't have somewhere else to go
Ah, who will become your special friend?
I will be taking her away. she is gone
In a private heaven
They may try
But nobody can find you
In a private heaven
Close your eyes
It's waiting right behind you
