

# I Want My Prescription Filled

## Foamy the Squirrel

Oh there was a time  
When i had some pills  
I would get high  
Until my prescriptions couldn't be filled  
They took it away  
No pills this day  
I'm living in reality

It's f\*\*\*ing scary when you think about it  
People walking round and they just keep shouting  
I want my pills so i can't hear them  
I don't care if i don't pay attention to them  
I just want my prescription filled  
Don't care if it's covered by my health care bill  
Just want to get away from reality with my pills  
'cause people scare me in my head

O god, o jeez

I hate you, i hate you, i hate you  
'cause you got more pills than i do  
I hate you, i hate you, i hate you  
'cause you got more pills than i do  
What the f\*\*\* is wrong with the health care system  
Can't you f\*\*\*ing see i need my prescription  
'cause i hate you, i hate you i hate you  
'cause you got more pills than i do  
I hate you, i hate you, i hate you  
'cause you got more pills than i do

Give me my pills

Oh jeez i think i saw elvis  
Oh jeez i think it was a side effect of my me-medication  
And it wasn't on the back of the bottle of the pills  
So i'm seeing elvis in my refridgertator  
It's freaking me out so i say 'yo later'  
I don't wanna see dead stars in my jello  
Not near my ice cubes  
Not near my ice cubes please

I put those in my drink  
Not near my ice cubes please  
I put those in my drink  
...At least i think i do
