Little Birds

White Arrows

Was it more than a big idea
Or was it just a big mistake
I know, I know

Coming from an eagle form
Watch me soar, it came from hate
Too late, too late

Down by the jetty
I was walking
I like to carry on
I keep walking

Don't take offence
Now you're going
Meet all your friends
Beneath the ocean

Tell me son was it fun
Now you see me walking out that door
You know, you know

Down by the jetty
I was walking
I like to carry on
I keep walking

Down by the jetty
I was walking
I like to carry on
I keep walking

Don't take offence
Now you're going
Meet all your friends
Beneath the ocean
