

What If I Knew

Dinosaur Jr.

[Incomprehensible] wondering why I'm full of doubt
All this thinking stopped [in me, from now I cannot
I can't say I wasn't warned
I've been trying but I'm torn Is it you? Is it me you wanted to?
Is it three? What if I knew?
If you could find another way now
If you could go back a few more days Waiting, fading, contemplating all my love
Penetrated by a wasteland I have become
I don't wanna go through more
I don't know what to try for Is it you? Is it me you wanted to?
Is it three? What if I knew?
If you could find another way now
If you could go back a few more days now Take it back, you're on the way
Take it back, you're on the way
Take it back, you're on the way
