Necrosadistic Warning

Cannibal Corpse

Hordes of the rotting dead surround the villagers
Unwary victims mangled and battered
Once buried warriors have risen to kill again
Signs of their wickedness left for a warning

Mutilate
Disembowel
Amputate
Kill and rape

Gratification achieved by dismembermant
unnatural legions ravage the carcasses
Open wounds targets for evil difilers
Seed of iniquity covers the body parts

Necrosadistic Warning
You will not rest in peace

Violate
Death so foul
Ejaculate
Pieces raped

Bound with intestines the body is held upright
Travalers encounter the gruesome monition
Terrorized realization of coming death
They will be next for the army of killers

Necrosadistic Warning
You will not rest in peace
Necrosadistic Warning
Remains are on display

Necrosadistic Warning
You will not rest in peace
Necrosadistic Warning
Molested corpses hanging

Undead
Molest

Defile

Kill them
Butcher
Then fuck

Necrosadistic Warning
You will not rest in peace
Necrosadistic Warning
Discharge on the corpse

Necrosadistic Warning
You will not rest in peace
Necrosadistic Warning
Desecration of the dead
